

How does your current IT provider stack up against ITility Utopia powered by DynaSis?		Current Network Provider
1. The provider is experienced and certified DynaSis is the leader in SaaS managed services and has set the bar for other IT providers. Don't trust your network to a start up or someone new to the SaaS model.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
2. Fixed Cost Per User ITility Utopia is available at a flat price per user monthly so you can budget for your IT with no surprises. Plus, ITility Utopia includes everything you need to run your business with backups, application hosting, Exchange email, security and more...	<input checked="" type="checkbox"/>	<input type="checkbox"/>
3. No Equipment to purchase or upgrade Purchasing and upgrading servers, firewalls, and other network equipment are a thing of the past. With ITility Utopia, you connect to the DynaSis datacenter, benefiting from our high availability IT infrastructure.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
4. No Maintenance Leave all the monitoring, software patches, and updates to the experts at DynaSis, freeing you to focus on your business.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
5. Work from Anywhere Because ITility Utopia uses the Internet to connect to your data, you are free to work from any location on any device. No need for a designated "office computer"— your office is wherever you are.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
6. World-class data center facility The DynaSis datacenter offers state of the art equipment, biometric access control, 24x7 surveillance, automatic power backup, and environmental controls.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
7. Scalability Adding or removing users from your IT infrastructure has never been easier. Plus, ITility Utopia makes moving offices a breeze, simply unplug PC's and plug them in at the new location.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
8. Unlimited On-site visits It's not really an "all you can eat" plan if it's only done remotely. Our onsite support is included along with our remote support should you ever need it.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
9. Security Built In With ITility Utopia, your network is guarded behind DynaSis datacenter firewalls. Constant monitoring for intrusions both on the network and at user levels is also standard.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
10. Automated Backups Rest assured you are protected against legal action or compliant with governmental regulations with automatic backups. In addition, don't worry about losing data when employees leave, all your data is stored centrally so you can find it at any time.	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Thank you for taking the time to learn more about DynaSis. As an experienced managed service provider, we believe you should know what makes us different right up front - so we put it in writing. A lot of providers claim to offer a true SaaS managed service, until you dig a little deeper. Your network is the backbone of your business, don't trust it to just anyone.
